Concernul McDonald's a vandut actiunile McDonald's System of Romania, Inc. - o companie inregistrata in Delaware si care detine filiala din Romania - catre Premier Capital SRL, o filiala a companiei malteze Premier Capital plc. Tranzactia a inclus, de asemenea, o franciza in temeiul careia fosta filiala romaneasca a McDonald's va continua sa opereze pe plan local sub celebra marca de restaurante de tip fast-food. Modelul fusese implementat anterior cu succes de compania americana si cea malteza in state precum Malta, Grecia sau Tarile Baltice.
